PREVENT FOREST FIRES — IT PAYS

An average of 7,300 acres of woodland are burned over by forest fires in New Hampshire each year, destroying many thousand dollars worth of property of all description. It costs many additional thousands of dollars and requires valuable man hours, taken from other essential work, to extinguish them. These losses affect the personal fortunes of the owners, and town and state economies. Everyone loses because of them.

Analysis of fire causes reveals the fact that more than 98 percent of all forest fires are, consistently, the result of human carelessness and are preventable.

We have been extremely fortunate during the past few years. Favorable fire weather and war-time restrictions on travel, which kept people off the highways and out of the woods, have aided materially in reducing fire risks, keeping fires fewer and fire losses low.

We now face changed conditions. People can travel freely. Their love for travel and the freedom of the woods will bring them out in ever increasing numbers. This will step up the fire risks materially. The accelerated cutting of the war years has resulted in additional thousands of slash acres. These factors, combined with a possible dry season and human carelessness could easily produce a catastrophe. Everyone must, consequently, be on his guard. He should

1. Be careful with fire or when smoking in or near woodlands.
2. Cooperate with the local forest fire warden and his deputies by

    a. Abiding cheerfully with whatever restrictions it may be necessary to impose. They are intended only to be helpful.
    b. Securing permits to burn debris when the ground is not covered with snow.
    c. Seeing that others comply with the requirements.

d. Promptly coming to the warden's assistance when needed.

If these few fundamental practices are followed it will be possible to PREVENT a large proportion of FOREST FIRES from starting. — That PAYS!

RAY M. SIMPSON,

Forest Fire Warden.

Public Library Report

LIBRARIAN'S REPORT

The year 1945 brought with it the end to World War II, an event for which we all are sincerely thankful, though also apprehensive of the challenge that it offers not only to libraries, but to educational institutions throughout the world. At the same time I wish to extend a hearty welcome to every citizen of Exeter to enjoy HIS library and the opportunities that it offers to him.

It is a little disappointing to note that the circulation dropped to a certain extent during the past year; this, however, may be due to the fact that the tension of war has given way to the lethargy of peace. Worthy of mention also is the extreme popularity of the various magazines.

The Children's Story Hours still continue to bring large audiences.

Mr. Laurence Crosbie, popular authority on Indian life, gave an interesting talk, "How the Little Indian Children Lived," and the arrowheads and tomahawks that he displayed added much to the children's pleasure. On Halloween the juvenile room abounded in witches, black cats, and pumpkins. Mrs. Donald Miller, in weird costume, read two stories appropriate to the occasion. During Children's Book Week an effort was made to show the young people the value of good reading. Miss Patridge staged an original skit, entitled "Parade of the Book People," and the star performers were regular visitors of the library. Mr. Folds, art instructor of the Academy, delighted an enthusiastic group of children by drawing for them dozens of clever and amusing cartoons. At Christmas time we held two performances of a Yuletide program, thus enabling more children to attend. The play, "A Christmas Miracle" and tableaux, accompanied by music, were presented. Miss Patridge has also read to the children on several mornings.

For a few months airplanes made by the youngsters have been on display. There are some promising artists among the children, and their drawings have been displayed from time to time. The Seminary and High School showed some of their fine work during "Art Week."

The Exeter Historical Society at various times exhibited articles which splendidly represented a long-forgotten day. On another occasion the show case contained examples of exotic Indian handicraft. At present there is an interesting and informative display of Exeter imprints.

I would like to express my sincere thanks to the trustees and staff for their fine cooperation during the year.

Respectfully submitted,

HARRIETTE M. PIRNIE.

Changes of Personnel:

Miss Lois Moore replaced Mrs. Mary Hoitt.
Miss Barbara Edgett succeeded Mrs. Myrtle Cobb.
Mrs. Grace Barker Smith replaced Miss Rhoda Crowell.
Miss Angela Trovato succeeded Miss Portia Ierardi.

The four new teachers are all doing excellent work, and are cooperating with other teachers and pupils.

Substitutes

Mrs. Lawrence Adams, Mrs. James Logan, and Mrs. Edmund Richards have shown their deep interest in the Seminary by responding cheerfully and quickly to any necessary 7:00 A. M. call for a substitute.

Medical Inspection

Miss McQuade, the Red Cross nurse, and Dr. Gilbert, the school physician, have always been ready to give any necessary help. Miss McQuade weighs and measures the pupils, and tests their eyesight and hearing. Dr. Gilbert gives a general examination. The records are carefully kept by Miss McQuade, who takes time in the summer to talk over children's defects with the parents. Last spring when there were many cases of sore throat, and two of scarlet fever, the advice of Miss McQuade and of Dr. Gilbert probably prevented an epidemic.

Physical Education

Physical education in the winter has exercise drills and dances which form the program that the spectators at the Gymnastic Exhibition in March always enjoy watching. Ping-pong and badminton are played in the assembly hall, and there are tournaments to find the school champions. The varsity basketball team generally has return games with Epping, Hampton, Newmarket, and Sanborn. In the spring and the fall, there are opportunities for brisk class games of basketball, soft ball, hockey and soccer, and also for a track meet.

Courses

There are four courses approved by the state: the General, the Academic, the Commercial, and the Home Economics. The last three prepare respectively for college, for business, and for nursing, dietetic, or institutional work.

Music

Choral work, music appreciation, music history, and elementary harmony are taught. Girls have a chance to join the chorus, the Glee Club, the Orchestra, and the Band. At Christmas time, carols are sung, and a cantata is given. The Glee Club enjoys singing annually for the Woman's Club. The various groups of musicians furnish music for all school affairs except the dances.

Art

Emphasis is being placed this year on free-brush original design in the seventh and eighth grades, also on the study of the color wheel and the color harmonies. Some fashion work, lettering, and textile designs are being done in the eighth grade by using the medium of show-card paint. The Appreciation of Art Course in the eighth grade includes the making of a notebook with sections on the application of color and design to clothes and furnishings and a section on famous artists and their paintings.

Several groups of girls from the tenth, eleventh, and twelfth grades have elected a one-period a week art course. They are working on a project of costume figures of the children of all nations for the spring exhibition. Some have decorated trays and boxes with oil colors.

Dramatics

Plays are read and sometimes acted in the English classes. A Christmas play was given by the eighth grade in the Assembly Hall. The Juniors usually present two one-act plays at the High School, in the spring. The Senior girls cooperate with the boys in giving a long play on two successive evenings in December.

Warnings

If pupils find subjects difficult, warning slips are sent to the parents so that something may be done to prevent failure. On the slips are listed seven causes of trouble, and the parents are asked whether one of the seven mentioned or some other is responsible for the child's difficulty. There have been many helpful answers.

Well Nourished Pupils

As the Seminary has about 300 pupils and teachers, nothing in the line of food can be sold except milk. Accordingly, it is very necessary that the girls eat a good breakfast, and bring a wholesome lunch for the twenty-minute recess at noon, if they are to have sufficient energy to do their school work efficiently.

Stamps and Bonds

During the first half of the year, while the war was still going on, the pupils and the teachers, in the weekly sale of stamps and bonds, always had a percent in the nineties. Although the percent is now in the eighties, those of us still buying feel that we are acquiring the habit of systematic saving, and are also helping the government care for the servicemen.

Assembly Hall

Until November the Assembly Hall was used for many occasions like addresses, concerts, and the Gymnastic Exhibition, as we were allowed to have there any group numbering not more than 375 people. Fire Chief Simpson then said that it was necessary to limit the use of the top floor, which has not only the hall, but also two recitation rooms, to 70 people. This loss of a large meeting place has been somewhat mitigated by having assemblies for 110 pupils in the Main Room, and

by sometimes using the High School Auditorium, which Mr. Harriman has very generously placed at our disposal.

Note to Parents

Parents are most cordially invited to visit the Seminary at any time, either to attend classes, or to confer with the teachers. Those too busy to visit school can often give the teachers useful information by telephone, or by letters. If parents and teachers work together for the good of the children, much in the way of education should be accomplished.

Respectfully submitted,

BESSIE H. JAQUES,

Acting Principal.
